

Film Screening to invite dialogue on
Hopkins' vision for a sustainable future

The Oil Machine

On 24 October at 7:30 pm in Olin Hall, the ENVS program would like to welcome you to a pre-release screening of the documentary “The Oil Machine.” After the documentary the Production Team will be on hand for a question and answer session. Of course, there will be tasty treats to follow. Register using the QR code.

This event is hosted in accompaniment with the release of the University’s draft Climate Action and Sustainability Plan.
