INVESTMENT BANKING PANEL

Morgan Stanley, one of the world's largest and most prestigious investment banks is hosting this session to help undergraduate students understand the different roles within an investment bank and how they can become value added contributors to the finance ecosystem. Students will also have an opportunity to network with professionals in the Investment Banking Division of MS's New York City office. This is a fantastic opportunity to ask questions you may have about Morgan Stanley, investment banking, or the finance industry in general to gain valuable career advice and mentorship. All undergraduate students are welcome.
