Meeting ID: 975 0684 6500*

Moderator:

Presenter:

The Honorable Vanessa Atterbeary

Maryland House of Delegates
District 13- Howard County

Dwight Carr

APL STEM Program Manager

This event will highlight the Johns Hopkins Applied Physics Lab STEM Program. APL STEM has four core programs that provide a continuum to STEM careers for Maryland students.

These programs are uniquely designed to increase the number of engineers, scientists, and mathematicians as professionals. Additionally, APL STEM encourages and assists minorities and females in achieving success in these fields.
