

We are proud to present our next installment of  
**Leading Change: Perspectives from Outside of Medicine**  
“Conversation Series 2021-2022”

The goal is to help us think about ways to improve “the patient experience” at Hopkins by learning from experts in other fields and disciplines.

Please join us, in welcoming **Mangesh Hattikudur, President and Co-Founder of Kaleidoscope Studios on Wednesday, October 6, 2021 at 5:00pm via Zoom.** (Zoom link below) Mangesh will present a lecture entitled “**Treating All Culture Like Pop Culture! How I used magazines, videos and podcasts to make the world a little smarter and kinder**”. The Q & A session will follow the lecture.

Mangesh Hattikudur wants to make your favorite show! He believes (strongly) that podcasts can be engines for empathy, and that pop culture can change culture. As President and co-founder of Kaleidoscope Studios, a little podcast start-up, he's focused on telling gripping, true stories from across the globe. Prior to Kaleidoscope, Mangesh headed up podcast development as SVP for iHeartMedia, where he got to launch and build the New York studio, greenlight critically acclaimed shows (Somebody, Hit Man, Sleepwalkers, Forgotten: Women of Juarez), collaborate with wonderful personalities (from Minnie Driver to Mayor Pete), work with incredible brands (Buzzfeed's Impeachment Today, Vice News Reports), and even dominate the charts (at one point, his team's shows with Hilary Clinton and journalist M. William Phelps were the #1 and 2 shows in the country!) Before that, Mangesh ran creative for Mental Floss, a beloved print magazine and media company he co-founded in college and ran for 17 glorious years.
