---

**Please join us** for a global health webinar being organized by the Johns Hopkins School of Nursing, Johns Hopkins School of Medicine, and Jhpiego.

This webinar will feature presentations from global health experts on task sharing among health care teams in global settings as a strategy to address health systems and workforce challenges. Task sharing in diverse clinical settings will be discussed including HIV and infectious disease management, safe surgery, chronic disease management, along with current trends and strategies in addressing global healthcare workforce shortages.
